COVID-19 UPDATE

March 23, 2020

We are open for business! In an effort to protect our customers and employees, Royson's Automotive's lobby will be unavailable until further notice. Instead, we will be using our key-drop system located on the right side of the building. Envelopes and pens are provided to safely leave vehicle, contact, and repair/service information. We will call and discuss details regarding work to be performed. Upon service completion we will contact you customers to process payment over the phone and arrange location to leave your paperwork and key. We will be using disinfectant spray prior to and after vehicle repairs as an added safety measure. We appreciate your understanding and thank you for your patronage. Please contact us with any questions you may have.

Royson's Automotive
Monday - Friday 7:30am - 5:30pm
